

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

MINUTES OF THE MEETING OF THE BOARD OF DIRECTORS, HELD
AT HEARST HALL, BERKELEY, NOVEMBER 24,
1906, AT 7:45 P.M.

President LEUSCHNER presided. The following members were duly elected:—

Swarthmore College Library.....Swarthmore, Pa.

Mr. R. J. TYSON was elected to life membership.

The Committee on Publication presented suggestions advocating a revision and changes in the printing of the List of Members; the Committee was authorized to collect the necessary data.

Adjourned.

MINUTES OF THE MEETING OF THE ASTRONOMICAL SOCIETY
OF THE PACIFIC, HELD AT HEARST HALL, UNIVERSITY
OF CALIFORNIA, BERKELEY, ON NOVEMBER 24,
1906, AT 8 P.M.

The meeting was called to order by President LEUSCHNER, who introduced the lecturer of the evening, Dr. T. J. J. SEE, of the Naval Observatory at Mare Island. Dr. SEE then read his paper on "The Cause of Earthquakes and Mountain Formation," illustrating his investigations by a number of lantern-slides.

Adjourned.
